# Robert Sheppard "Honky Cat"

**This page is dedicated to the memory of one of my favorite Vanners. Shep was a dedicated Vanner and contributed to vanning in every way. He was involved in putting on a great truck-in every year called CBS in Ohio. He gave Vanning 110%. Shep became very ill and was going blind along with other problems. It became too much for him to handle so he took his own life. So many of us sit around and wonder what we could have done to keep this from happening. Wishing we could find the answer, but I don't think there is one.**

**Shep was an avid toy collector and this along with his truck-in participation is how I got to know him. He not only collected Van toys but about every kind of die-cast vehicle and vehicle set ever made. I think of Shep often when out looking for that next toy van. Below is one made in the memory of him.**

**Thanks for the privilege of knowing you and the memories you have left with me.**
