Dear Karl,

I'm here again friend. Today is December 4, 2022. It's been five years since you passed away on your birthday. In keeping with my yearly tradition, I'm here to wish you a very Happy Birthday. Happy 66th birthday Karl !!! Remember, we celebrate our birthdays one day apart.

Above, it says share a memory, so here's mine. In thinking back to the early 1960's, if I remember correctly, we were together at my Uncle's farm in Tarkhill on that fateful day in November 1963. The day that changed this Country forever. I

I'm hoping within the year 2023 on or before the 60th anniversary of that date, the American people will learn the real truth of what happened that day. We deserve that, don't you think? I do.

Karl, you will be in my heart forever. God willing, I will be back here next year.

As always, love and friendship forever. Rest in peace my friend.

Dear Karl, Today is December 4, 2020 & I'm here again my friend. Today is your 64th birthday & mine was yesterday & as always I'm wishing you a Happy Birthday. You never knew this, but I have done this for decades. I will continue doing this as long as I can. I moved away from Burrillville in 1975. I go back to RI on occasion & drive by the old Whipple Farm. It brings back great memories of going over to your house. Your Mom always had the best treats & as a five year old, how could life be any better than that, right?! Life was so simple back in the early 1960's in Tarkhill. Great memories for sure. God willing, I'll be back here

next year wishing you a Happy Birthday again. As always, love & friendship forever Karl. SL

Dear Karl,

We were neighbors born at the same hospital one day apart in 1956. Every year for as long as I can remember, my sister & I would wish you a happy birthday. We always wondered how you were doing. My father's cousin, Lorraine used to babysit us at my uncle's farm. You used to twist your arm in a funny way & we would giggle about it. We were 5 years old spending many days together & you were my best friend.

I am very sorry to learn of your passing only a few months ago & that you had passed away in 2017 on your birthday. When it comes to birthday wishes, it will never be the same for me since you are no longer here. I would like you to know that my sister & I will continue wishing you a happy birthday on December 4th as we have done for so many years. You will be in my heart always & forever my friend. Rest In Peace.
