SALUKI IS ETERNITY

I will make this very brief, because I know you all want some space in this months issue on your relationship with Tom, or his work and loyalty to Suds and its existence.

We all know how easy going Tom was and how hard he worked for this Club and the Van movement. in the last 10 years of his life, as a member and officer, he kept this Club's events and activities on top, showing his Corvair Van, Farmer Vic's Bib Over-all Days, Broadway Bob's Fun Truckin's, and SCV's Great Northern Boogie.

I will miss his help and I know you will too, but I will look at it this way, knowing Tom the last 10 years, he has already talked to the man up there into letting him start the first chapter of Suds in heaven for all of us to follow. I'm looking forward to it, the great truckin in the here after, setup by Tom, will be great to look forward to. We are all going, you know. Keep on Truckin Saluki.

P.S. From now on, every time I pass a "Y" in this country, I will think of Tom and the friendship he showed us, and the hard work he gave us, and I'm asking you to also think of him.

TRIBUTE TO A FRIEND

I have known Tom for many, many, years, from working at Continental Can Co. together, bowling on his team, doing Show & Shines together, and working together in the Vanning movement. Tom was one of the people who got me started in Vanning. (He was my sponsor when I was a prospective member of Suds City). He was a PR man for Suds City Vans and the Vanning movement as a whole every day of every year. He also got me interested in Corvair Vans and I eventually bought one and started to restore it. Tom didn't know how to say no to anyone who needed help. He always seemed to find time for helping people and Suds City Vans. Our Van Club and the whole Vanning movement has lost one of it's hardest workers, and I have lost a close friend and fellow worker.
