Dori and I became friends in Middle School. I remember going to her house where I met her sister and her father. It was nice to reconnect on facebook. I was happy to see her find someone after her husband had passed away. I'm so sorry to hear that she has passed. My condolences to her sister, children and grandchildren.

Dori was the sweetest person I know, I enjoyed seeing her at van runs or when her and teddy stopped by. Always kind, always full of smiles. I was blessed to call you my sister and friend. Forever in our thoughts. My condolences to her family and especially to Gus/Teddy.

Mrs. Dori was such a nice person, I just met her 2 years ago, but it felt like we have met since forever, we were camping in Daytona Beach after a Van Run,

she and Teddy were our neighbors, we sat outside our vans and chatted all night. After that I saw her again in another Van event and ever since then she would greet me with such joy and would give me a big and warm hug. She will be missed and I wish her family to get comfort in their hearts in this hard time.
